

Rainbow Hospice Care monitors both community transmission rates and infection prevention guidance from state, federal, and local health officials regularly. We strive to meet or exceed CDC recommended procedures to provide the best level of protection for our patients, employees, volunteers, and our community.

Our employees and volunteers follow strict policies and procedures for infection prevention including vaccination, daily symptom screening, social distancing, masks, and hand hygiene.

**All visitors to our Johnson Creek Inpatient Center or Jefferson Office will be screened upon entry.** Please do not visit if you have COVID-19 symptoms, recent exposure, or suspected or confirmed illness. No individuals will be allowed entrance if symptomatic, exposed to, or have confirmed or suspected COVID-19. All visitors are required to wear a mask. A mask will be provided, if needed. Hand sanitizing stations are available at entrances and multiple locations in our buildings.

The **Rainbow Hospice Care Inpatient Center (IPC)** allows visitors to those patients who are not under quarantine for suspected or confirmed COVID-19 illness. Inpatient visitors are asked to remain in the patient room during their visit except as needed for patient privacy.

Visitor restrictions continue for patients on isolation or quarantine. Call Rainbow Hospice Care for more information at 920-674-6255 prior to visiting.
